The HighJoule 100KWh Outdoor Cabinet Series offers a robust solution for commercial applications, featuring a 100KWh LFP or SSB battery with over 8000 cycles, ensuring long-term reliability and reduced energy costs.

Expand capacity effortlessly by connecting multiple units, making it adaptable to scenarios ranging from power generation to user-side needs. Experience the future of energy storage with exceptional efficiency, ...

SUNWAY Outdoor energy storage cabinet integrates energy storage battery, modular PCs, energy management monitoring system, power distribution system, environmental control system and fire control system.

Designed for hybrid solar systems, this outdoor cabinet provides a complete energy storage solution ideal for commercial installations requiring continuous operation or residential setups needing reliable power backup.

Our 50KW/100KWH outdoor cabinet energy storage system, with its excellent performance and thoughtful design, is the ideal choice for outdoor energy storage applications.

Sunpal 100kW/215kWh outdoor battery storage system offers reliable solar backup, peak shaving, and EV charging support with smart BMS and remote control.

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

The SUNWAY 50-100 kW Outdoor Cabinet ESS is an all-in-one energy storage solution designed for commercial and industrial applications. Equipped with a reliable Growatt inverter, it supports flexible battery ...

100kWh solar-powered modular outdoor cabinet for shopping mall

The MEG 100kW x 215kWh Cabinet is engineered as a modular energy storage building block, ideal for commercial facilities, microgrids, and community-scale projects.

The system offers flexible configuration, compatibility with most EV brands, and is suitable for various industrial and commercial applications such as microgrids and solar storage.
