Få et skræddersyet design og størrelse, der passer perfekt til dine behov inden for 24 timer!
Levering til døren - Køb nu og få leveret indenfor cirka 7-10 hverdage.

Battery Compatibility & Charging/Discharging: Supports Lead-acid or Lithium-ion batteries; Max charging/discharging currents up to 135A (varies by model), with self-adaptive Li-ion charging ...

Med kraftkategorier fra 3,0 til 8,2 kW kompletterer Fronius Primo perfekt SnapINverter-generationen. Denne enfasede transformerløse enhed er den ideelle inverter til private husholdninger.

Hybrid Inverter SUN 3.6/6K-SG, hybrid inverter, is suitable for residential and light commercial use, maximizing self-consumption rate of solar energy and increasing your energy independence.

Kostal PIKO MP 3 kW inverter inkl. montering er en effektiv og kompakt løsning til mindre solcelleanlæg, hvor kvalitet, stabilitet og fleksibilitet er i fokus. Inverteren er 1-faset og leveres med op til 10 års ...

Inverter PIKO 3.6 Single-phase feed-in Transformerless topology Possible parallel connection of two MPP trackers to extend the input current range Datalogging and diverse interfaces as standard: ...

INVT Solar, is a solar products and solutions provider with core inverter technology, specializing in the production of solar inverter series products. Business scope includes on-grid inverter, off-grid ...

Typisk bruges 1-fasede invertorer i installationer med en lavere effekt, ofte op til omkring 3,6 kW. De er enklere, billigere og nemmere at installere, hvilket gør dem velegnede til mindre solcelleanlæg.

SUN-3.6/5/6K-SG03LP1-EU hybrid inverter, is suitable for residential and light commercial use, maximizing self-consumption rate of solar energy and increasing your energy independence.

3 6 kw solar inverter factory in Denmark

SUN-3.6K-SG03LP1-EU is a hybrid inverter, is suitable for residential and light commercial use, maximizing the degree of self-consumption of solar energy and increasing your energy resistance. ...
