The STORION-TB187.5/375/500 system is an AlphaESS standardized product for C& I and large-scale applications.

500kW power output with modular design, supporting expansion up to 1.5MWh ...

Choose from 250kW up to 500kW total PCS power ratings and capacities ranging from 500kWh to 2200kWh. All-in-one design contains battery racks, PCS, EMS, HVAC, UPS, controls, networking, ...

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the ...

500kW power output with modular design, supporting expansion up to 1.5MWh (customizable based on your product specs). Seamless integration with existing inverters for hybrid energy systems.

Generac's SBE500 battery energy storage system is our latest addition to a portfolio of products and technologies helping commercial and industrial customers to meet their current and future energy goals.

It is a large multi-function smart energy storage station. Comprehensive and multi-level battery protection strategies and troubleshooting measures are in place. Various units can be easily ...

AC Rated Power Battery type 250kW 360Ah System Capacity Dimensions (W*D*H) 509kWh
1940*1500*2100mm (Battery)/ 1000*1500*2100mm (AC Side)

Easily upgradable from 500kW to 1MW of energy storage, storing up to 3.8MWh of energy, enough to power an average 3,600 homes for one hour.

Built for rapid deployment, our 500 kW capacity batteries are a fast way to increase your efficiency, on or off

500kWh power storage cabinet for transmission nodes

the grid. Packaged with everything you need - from fire protection to HVAC - they're an effective ...

The IP55 protection level adapts to the harsh outdoor environment, which is perfectly suited to the needs of industrial and commercial energy storage.
