In this guide, I'm going to cover the seven cheapest solar panels that I feel represent good value for the money. I'll try to give you several options where I can and explain the tradeoffs you have to make if ...

The 140 watt panel was about the biggest that I would want to carry. They are "portable" and they do fold up into a nice suitcase style carrying case but they can still be heavy and bulky to transport.

Choosing the highest quality solar panels will likely mean a higher upfront cost, but it's often worth it in the long run. With higher efficiency, output, and longer lifespans, solar panels from these five ...
