Who is LONGi Solar?

LONGi Solar is the world's leading manufacturer of high-efficiency monocrystalline silicon wafers and PV modules. With advanced HPBC and PERC technology, LONGi delivers reliable, high-performance solar panels for utility, commercial and residential projects. Nastech Solar offers LONGi products for a green future.

What makes Longi a leader in PV innovation?

PV innovation not only requires breaking through the limits of technology, but also anchoring long-term value in the fog of uncertainties. As a world-leading solar technology company, LONGi leads the development of the photovoltaic industry with independent innovation and original technologies.

Why should you choose LONGi Solar?

Longi's bankability, reputation, quality, and service guarantees that our clients will be pleased with their purchase and get the funds needed to complete their projects without issue. Company profile for solar panel and material manufacturer LONGi Solar Technology Co., Ltd. - showing the company's contact details and offerings.

What makes Longi unique?

As a world-leading solar technology company, LONGi leads the development of the photovoltaic industry with independent innovation and original technologies. The HPBC2.0 technology and forward-looking R&D have achieved continuous breakthroughs based on this.
