When is the energy storage Middle East Summit 2026?

Co-located with the extremely well renowned Middle East Energy Show, join us for the inaugural Energy Storage Middle East Summit in Dubai, April 2026, as we bring our world leading energy storage series to one of the world's fastest-growing BESS markets.

Will the Middle East become the third largest storage market?

This landmark event will explore the Middle East's trajectory to become the third largest storage market globally by 2026, with a special focus on the region's ambitious renewable energy targets and BESS integration strategies.

Will Saudi Arabia be able to deploy battery energy storage systems by 2030?

According to Saudi Energy Minister Prince Abdulaziz bin Salman, the nation has set a goal of deploying 48GWh of battery energy storage systems by 2030. This ambitious target not only supports Saudi Arabia's energy transition but also injects fresh momentum into the global renewable energy and energy storage markets.

Who is Saudi power procurement Company (SPPC)?

Saudi Power Procurement Company (SPPC), licensed as the sole buyer of electrical energy and capacity from sources within the Kingdom, made the announcement on Monday (4 November). SPPC is soliciting bids for the development of four battery energy storage system (BESS) projects, each with 500MW output and 2,000MWh storage capacity.

Co-located with the extremely well renowned Middle East Energy Show, join us for the inaugural Energy Storage Middle East Summit in Dubai, April 2026, as we bring our world leading ...

January 07, 2025. By EI News Network Saudi Power Procurement Company (SPPC) has announced the prequalification of 33 prominent utility developers for its ambitious 2GW/8GWh battery energy ...

It includes big names from the Middle East region and overseas, such as Dubai-headquartered Masdar and Saudi Arabia's ACWA Power, France's EDF and TotalEnergies, and major players in renewable ...

Saudi Arabia's government entity tasked with procuring electricity generation projects has commenced the qualification process for a 2GW/8GWh battery storage tender. Saudi Power ...

The Energy Storage sector at Middle East Energy will serve as the essential connection point for stakeholders across the value chain--from manufacturers and system integrators to utilities, ...

Energy storage can address the intermittency of renewable energy sources, providing a stable and continuous power supply. 4. Technological Advancements. Technological advancements in ...

"The Middle East and Africa (MEA) Energy Storage Outlook" analyses key market drivers, barriers, and policies shaping energy storage adoption across grid-scale and distributed segments. ...

Search all the announced and upcoming battery energy storage system (BESS) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in MENA (Middle East and North Africa) Region ...

The list of successful bidders includes prominent companies from the Middle East and abroad, such as Masdar, headquartered in Dubai, Saudi Arabia's ACWA Power, and France's EDF ...
