-----

Along with other tariff prices, Agile has in the last year seen a decrease in prices to summer (ignoring peak periods in Q1 2023). Unlike standard variable tariffs though, Agile has seen month-on-month ...

Select a date in the heatmap to see detailed rates for that day. Note that these prices assume a typical usage pattern, actual averaged rates may vary depending on your usage pattern. ...

Customers on Agile Octopus are early adopters of the next generation of smart energy. We've broken down the pricing model below.

Is Agile Octopus Cheaper Than The Energy Price Cap? You Can Get Paid to Use Electricity on Agile Octopus Who Can Get It and How to Apply How Does Octopus Tracker Compare? As it's a very complex tariff, it's difficult to give a definitive answer on whether it can save you money and how much. It all depends on the rates you get, how wholesale energy prices are changing, how much you use and when you use it. To try to answer this, we looked at the unit rates from the Agile tariff and compared them with the Energy Price... See more on [moneysavingexpert.com/octopriceuk.app](https://moneysavingexpert.com/octopriceuk.app) Octopus Agile Tariff Unit Rates for Today and ... Get the latest unit rates for gas and electricity on the Octopus Agile Tariff, with graphs showing the price trends and price differences all over UK.

Want to take advantage of these awesome tariffs, but not yet a customer of Octopus? Click and earn a cool £163.50 credit!

For Agile and Octopus Go tariffs, it works correctly, and will allow you to compare the two tariffs to see which would have been cheaper for your real usage. If you are using Agile, this will ...
