*Automatic water removal: The Photovoltaic Module Mud Discharge Clamp is designed to automatically remove accumulated water, optimal performance of your solar panels.

Solar Panel Water Drainage Clips SFS-WDC is a drainage clamp designed for photovoltaic panels. Due to the arc in the framed PV panel, rainwater tends to accumulate near the frame during rainfall. This ...

?Automatic Water Removal?The solar panel drainage clips are designed to automatically remove accumulated water, ensuring efficient power generation and extending the ...

Efficient Drainage: The aluminum alloy water guide clamp is designed for fast drainage, effectively avoiding clogging and for a reliable performance in various environments.

Aluminum Alloy Water Guide Clip for Solar Panels, PV System Drainage Clamp Compatible with Photovoltaic Modules, Roof Rainwater and Mud Drainage Guide, 30/33/35/40mm Silver (20-Pack) ...

[ENHANCED STABILITY] With openings and vertical holes integrated into the top cover, this product helps reduce long-term blockages, allowing for smooth water flow and enhanced system performance.

Utilizes rainwater to flush away dust, reducing shading losses and keeping panels dry and clean, which extends their lifespan. Press-fit clips attach directly to panel frames. Installation ...

Solar panel owners, these water guide clips are such a simple but effective way to boost your system's performance! The 20-piece set gives you plenty to cover multiple solar panels, and they're ...

?Automatic Water Removal?: These PV solar panel water guide clips are specifically designed to efficiently drain accumulated water from your solar panels, helping to maintain optimal ...

Size: 30mm, 35mm, 40mm, 45mm, 50mm. Easy to install. Increase power generation to improve the service

Photovoltaic panel water guide clamp 33

life of solar panels. Automatically remove accumulated water.
