From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

Outdoor Integrated Energy Storage Cabinet Outdoor Integrated Energy Storage Cabinet Place Of Origin: Foshan, Guangdong Province, China BrandName: Tanfon Solar MOQ: 1 set, Accpet OEM ...

Engineered for high-capacity commercial and industrial applications, this all-in-one outdoor solution integrates lithium iron phosphate batteries, modular PCS, intelligent EMS/BMS, and ...

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel operation ...

The liquid-cooled energy storage system integrates the energy storage converter, high-voltage control box, water cooling system, fire safety system, and 8 liquid-cooled battery packs into one unit. [pdf]

Photovoltaic energy storage cabinets are designed specifically to store energy generated from solar panels, integrating seamlessly with photovoltaic systems. [pdf]

The SolaX I& C energy storage cabinet, designed for large-scale commercial and industrial projects, integrates LFP cells with a capacity of up to 215kWh per cabinet, an Energy Management System ...

The ELECOD Outdoor Cabinet Energy Storage System (Air-Cooled) is a highly efficient and scalable energy storage solution, designed for use in microgrid scenarios such as commercial, industrial, and ...

Patented outdoor cabinet protection design, optimized heat dissipation channels, protection against dust, rain,

Small-scale outdoor cabinet for intelligent photovoltaic energy storage on Hargesa Island

and sand; front and rear double-door maintenance, suitable for on-site installation of ...

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.
