Who are solar specialist staff?

From solar manufacturers and installers to storage facilities, our track record has seen us place specialist staff across the full value chain in the solar industry: Manufacturers, Developers, EPC Contractors, Utilities, Operators, Asset Managers, Investors and Consultancies.

What does a senior solar installer do?

A leading renewable energy firm in Nassau tasked us with sourcing a Senior Solar Installer to lead solar projects across the Caribbean. The role required experience in installing grid-tied, battery, and hybrid solar systems, along with team management and hands-on installation.

How can a solar talent pipeline help your business?

To prepare for future demand and minimise the problems caused by skills shortages, businesses must develop a sustainable solar talent pipeline. Our discipline-specific consultants will talent pool the best personnel in the solar market and make them available for your project or business when you need them.

Why do European EPC clients need a team of solar specialists?

Having won a major project in the UAE, our European EPC client urgently needed to recruit a large team of solar specialists to begin work on a solar power plant site as soon as possible. Our client is an independent power producer.

Established recruitment, staffing and workforce solutions provider for the solar energy sector.

EnableGreen provides Solar Energy recruitment services globally. Find talent for project development, O&M, and engineering in renewable energy.

Fuelled by climate instability, rapid technological advancement, and spiking consumer adoption rates, the solar energy market is booming and solar jobs are in high demand.

From engineers to developers & C-Suite execs, find out how Taylor Hopkinson's renewables recruitment experts can connect you to top-tier solar & storage talent.
