Recently, authoritative institutions such as InfoLink, SMM and ICC released the 2025 global energy storage shipment rankings. HiTHIUM demonstrated strong performance, securing a spot in ...

China again dominated global battery storage deployments in August, accounting for two-thirds of what came online, but Europe, North America and Australia had good months too.

Get the latest updates on battery tech, grid-scale storage & green energy - with trusted news, trends & expert commentary

Read the latest news and expert articles on Lithium-Ion Batteries, brought to you by the editors of The Battery Magazine - The Battery Magazine

The agreement includes a 5 GWh lithium-ion battery energy storage system (BESS) for energy storage projects in the US. LGES will provide full life cycle services, with delivery scheduled ...

A boom in battery storage has bolstered the demand outlook for lithium in 2026, driving hopes for an accelerated turnaround for an industry struggling with oversupply.

The energy storage systems included in this commitment are built using the latest LG Energy Solution containerized lithium-ion battery solutions with LFP cells manufactured at U.S. facilities.

Latest news on energy storage projects, BESS, capacity expansion, and regulatory updates across Europe, US & Canada, Latin America, and Asia Pacific. Discover how energy ...

Global demand for energy storage is surging. Lithium-ion leads today, but new contenders like sodium-ion, flow, and gravity systems are shaping the future grid.
